### Identity documents / Visas

For the cruise you have booked it is requested to have a passport, valid at least 6 months after the ending of the cruise.

Also minors should hold their own passport. In case of minors up to 14 years old, travelling with their own passport and not accompanied by their parents or legal guardians, we kindly ask to check with competent authorities what requested in order to allow expatriation.

- For cruises calling Cambodia, all guests will be issued a transit visa upon ship arrival. The amount will be charged to guests' onboard account.

In addition, Guests are responsible for obtaining any visa and travel documents necessary for their journey and for complying with Customs and Immigration requirements.

Above information mostly refers to European guests: for all other nationalities, we kindly ask to check carefully in advance with competent authorities the validity of your document and to be in possession of what required for the cruise. Guests who do not have proper travel documentation will be denied boarding and no refunds will be given to guests who fail to provide proper documentation.

For passengers that will go on consecutive cruises and possess only one ticket for the various reserved itineraries, we kindly inform you that the aforementioned statement regards the regulations in force for the first cruise. For every subsequent cruise we kindly ask that you consult the annual Costa catalogue for that specific itinerary.

It is a requirement by law that Costa Cruises holds the relevant data for all their guests. If you have not already provided the relevant data, we request that you advise your travel agent or Costa Cruises of your full name, nationality, passport number, date and place of issue and expiry date. It is important that Costa Cruises receives this information at least two weeks before your departure.

### Luggage

We would remind you to label your luggage using the Costa tags you will find herewith enclosed and to always carry with you your hand baggage, containing your personal documents and, in general, all your items of value.

When you arrive at the port we kindly ask you to deliver your baggage to the Costa staff who will have it taken directly to your cabin: it is important to have each item of luggage labelled with the Costa labels.

Please note that in line with Company Health and Safety standards for Guests and Crew Members, it is strictly forbidden to bring any kind of drink or food on board in hand or cabin luggage. Personal care products (such as shampoo, suntan lotion, etc.), baby care products, products certified by a doctor and liquid medicines are not subject to this rule. Any food or drink, including items purchased during excursions and visits during stopovers, will not be admitted on board. Any local produce purchased will be held in store on board the ship and returned to guests at the end of the cruise.

**HAND BAGGAGE:** Valuables, medicines, laptops, photographic equipment and delicate items should be carried in your hand baggage. The dimensions of your hand baggage must not exceed 55x35x25 cm, in order to allow it to pass through the x-ray security checks.

### Embarkation

#### Cruise only passengers

Upon your arrival at the port, take your luggage to the luggage drop-off area at the harbour. Your luggage will be taken to your cabin (free of charge). Guests that have their own flight arrangements, who purchase a transfer organized by Costa Cruises with a scheduled departure time, must ensure that they reach the pick-up point by the time shown on their transportation voucher. Costa Cruises cannot be held responsible if Guests, due to any reason, do not arrive on time and miss their transfer.

#### Passengers travelling by flight reservations with Costa Cruises

Upon arrival at the airport you are kindly asked to collect your baggage from your flight belts and you will be met afterwards by our personnel and accompanied to the organized transfers. We would advise any guests travelling on various connecting flights to contact the respective airlines before departure to check the baggage procedures in the connecting terminals. Upon arrival at the port your luggage will be consigned to the assistants who will have it taken directly to your cabin. Keep the following documents ready on hand in order to embark rapidly without problems:

- Valid identification document, corresponding to what was originally required for the cruise
- Embarkation form completely compiled
- Cruise Ticket

### CostaClub

Perla and Perla Oro CostaClub Members who wish to use the "Privileged Boarding" service and Perla Diamante Members who wish to use the "Priority Boarding" service and the VIP Lounge in Savona and Barcelona are kindly asked to show the page of their cruise ticket that contains their CostaClub number according to their club level at the Customer Service desk.

### Disembarkation

Disembarkation according to the instructions given to you on board.

Guests that have their own flight arrangements, who buy a transfer organized by Costa Cruises are kindly advised to book a flight leaving at least 3 & a half hours after the transfer arrival time at the airport. All guests should contact their travel agency to find out the duration of the transfer. Costa Cruises cannot be held responsible if Guests miss their flight, when the above conditions have not been followed.

### Credit card registration

Once on board, passengers can use specific devices, which will be indicated by onboard personnel, to register their personal Credit cards in self-service mode.

In your cabin you will find a personal Costa Card which will allow for your name to be automatically identified on the passenger list. This card must be used during the cruise to pay for any extra services requested (with the exception of Casino bets), as well as for any purchases made in the on board shops. The Costa Card will allow you to make the most of your vacation without having to carry cash for your daily purchases on board the ship. In fact, your purchases will be automatically charged to your account and can be paid at the end of the cruise by either credit card or cash.

Preferred form for the final payment must be chosen within 48 hours of boarding.

Passengers who do not register their personal credit cards must make an initial deposit to cover their on board expenses. The minimum deposit per person is 150 euros or 150 dollars, based on the currency used on board. If the passenger's on board expenses should exceed the amount of the initial deposit, a second deposit will be requested. The

account balance will be calculated at the end of the cruise and passengers with remaining credit will be reimbursed for the difference.

Personal Credit Cards can be registered in self-service mode by simply passing the Card Holder's Costa Card through the card reader in the appropriate device, followed by the relative Credit Card. The default option allows for all occupants of an individual cabin to be associated with a single account. If the card holder should not wish to pay for the other occupants of his/her cabin, they can be deselected from the list on the display. If, on the other hand, the Credit Card holder should wish to pay for the occupants of cabins other than his/her own, then the Costa Card of one of the other cabin's occupants will be required. In this case, the Credit Card holder will be requested to pass the second Costa Card through the card reader, followed once again by the Credit Card.

### Privacy policy

Your privacy is important for Costa Crociere; therefore, your personal data will be processed in compliance with the provisions of the European Regulation regarding Data Protection no. 679/2016.
